- Review of Completed Work:
  - o The team reviewed the tasks that had been completed throughout the week.
  - o Everyone provided updates on their respective areas, ensuring alignment on the progress made towards project milestones.
- CSS Update
  - o Justin demonstrated the updates and changes made in CSS and the implementation of the design based on last week's discussion.
  - o Mentioned that progress was limited due to the GitHub repository not being up to date.
  - o Ensured that all team members published their branches on GitHub the same night to avoid future issues.
- Pytest Framework
  - o Geoff explained the pytest framework he is working on implementing.
  - o Discussions took place regarding where reports should be stored and how they should be managed.
  - o Finalized the approach, and the implementation is now clear for completion.
- Shared Link Feature
  - o Nick led a discussion on how the web app should handle Wishlist link sharing.

- o Geoff and Nick presented ideas, leading to a final decision on the method to use.
  - o The feature is now finalized.
- **Profile Page Update**
  - o Anthony walked the team through significant updates to the profile page.
  - o Improvements included module dialog boxes and updates to the like and dislike settings.
  - o The changes were well received, and progress is on track.
- **Next Steps:**
  - o Members are going to continue to work on their assigned tasks for the end of the sprint next week
