- Nicholas Parise – Product Owner
- Stephen Stefanidis
- Ethan Brennan
- Justin Thomas Bijoy
- Anthony Medico

Agenda –

- Review
- CSS Updates
- Profile page
- Progress Report Preparations
- Next steps

Minutes

- Review of Completed Work:
 - The team reviewed the tasks that had been completed throughout the week.
 - Everyone provided updates on their respective areas, ensuring alignment on the progress made towards project milestones.
- CSS Update
 - Justin demonstrated the updates and changes made in CSS and the implementation of the design based on last week's discussion.
 - The CSS of this project has been pushed to the backlog since all the pages are being changed every single day in terms of functionality, merging CSS with the main code in GitHub is very time consuming now.
- Pytest Framework
 - Geoff explained the pytest framework he worked on and implement.
 - More test to come, and documentation of the process is being made such that other team members will be able to implement more test for different components of the system
- **Next Steps:**
 - Members are going to continue to work on their assigned tasks for the end of the sprint next week

- Members to prepare information for their area in the Progress Report that is due on the 23rd March
- **Tools and Resources:**
 - Jira for task management and sprint tracking.
 - GitHub for version control and collaborative development.
 - Discord for daily communication and updates.

Next Meeting:

End of Sprint 5 and Kick off Sprint 6 (tentative) will be held next week, 28th March 2025 and 11:00AM to 1:00PM.
